

## Stacking your Deck: Standards and Course Development?

*The uniqueness of your district and program may influence the number of hands you can play to implement numerous courses. Is your current poker hand good enough to stay in the game?*

1. Ace High Card

Example: We offer a Business Communications course

2.

Example: The Business Communications course is aligned to the primary Business Communications standard.

3.

Example: The Business Communications course is aligned to the primary Business Communications standard and supports standards within the WCCTS.

4.

Example: The Business Communications course is aligned to the primary Business Communications standard, supports standards within the WCCTS, and is articulated with my local technical college.
