Re: 2021-2022 SY WISEdata Errata

To whom it may concern,

The intent of this letter is to report and correct the reporting for the WISEdata December 7, 2022 snapshot for Divine Mercy Catholic School. According to the snapshot, all student attendance (choice and non-choice) for the 2021-2022 school year has been reported as zero. The issue is being resolved with PowerSchool.

If you have any questions or need additional information, please feel free to contact me at (414)764-4360 or at loreverucka@divinemercysm.org.

Sincerely,

A handwritten signature in black ink, appearing to read "Loreve Rucka", with a long horizontal line extending to the right.
