RE: Attendance Data Errata

It has come to our attention that our 2021-22 High School absenteeism data has two students marked not attending any days during the 21-22 school year. Upon investigation we noticed that they did attend school during that time.

- Student attended 101/117 days
- Student attended 141/179 days

This change has been noted in our student tracking system and our Student Information System. We continue to work with our data team to effectively track student data in an effort to meet compliance measures set in place by the Department of Public Instruction.

If you have any questions or require additional action to resolve this issue, please contact me at (920) 563-7804 or via email at hollenbergerl@fortschools.org.

Sincerely,

Lisa Hollenberger
Director of Special Education and Pupil Services
