Data Errata Holy Cross Lutheran School – Madison, WI

We had two students that transferred to different school in the 2nd semester. We transferred them out using the TC code, we failed to check the box that said student did not complete school year requirements in our SIS, JupiterEd.

We went in and checked that box for two students and resubmitted the information to WISE. The errors have been corrected and now have acknowledged the warning about Actual or Possible Days of Attendance exceeds 200 days across multiple schools of enrollment. Our start and end dates are correct.

Thank you,  
Jodi Hougan  
Administrative Assistant/Communications Coordinator  
Holy Cross Lutheran School
