

**Kingdom Prep**  
LUTHERAN HIGH SCHOOL

To whom it may concern,

I'm Jeremy Braun, the Academic Dean at Kingdom Prep Lutheran High School, and I am submitting this Data Errata letter for the 2021-2022 School Year. On the Report Card, 2021-22, it says that every attendance record DPI received from us had 0 days attended for this past year. Clearly, this is a data quality issue and we have already reached out to our IMS, PowerSchool, to see how this can be resolved. I also spoke with Michael Blauw from DPI, so he is aware of the issue.

Please let me know next steps to resolve this issue; we will also work with DPI and PowerSchool to ensure this does not happen in the future.

Best,
