RE: December Attendance Snapshot

Per DPI discussion and double-checking our December data submission snapshot, we recognized that our snapshot was incorrect. We had four students with attendance errors. The error was fixed within our SIS (PowerSchool) and looks to be correct in WiseData. However, we are not sure if the snapshot in WiseDash from December uploads the correct information.

The information was corrected in our SIS and in WiseData, but would need to be corrected in WiseDash.

Please let me know if you have any questions. Thank you for your time and consideration.

Yours in Education,

Michael Nate
