Re: Attendance Reported

To whom it may concern,

A comparison of the attendance of the WISE data system with our SIS "Gradelink" was made today.

When we made this comparison with both systems, we found a couple of students with a difference in attendance.

Our explanation is that we don't know why the system did not make the proper connection with the WISE data system. The attendance of these students in our SIS for the year 2021-2022 is complete.

Records of this comparison are on file at the school in case they are required.

We will be contacting our SIS to figure out this situation and avoid future errors.

Thank you for your patience in this matter.

Joseph Fryda  
Principal
