This letter is to correct the Verona Area School District's attendance for the 2020-2021 school year.

DPI's snapshot is showing that we did not publish the attendance for the students that attend Verona Area K4 school for 2020-2021 school year. This was due to an issue with our reporting setup in PowerSchool. This is being worked on and corrected.

Please accept this letter as notification of the error. Thank you for helping us with this.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Brad Humphrey', is written over the printed name and title.
