To Whom It May Concern:

As of Friday, December 1, 2023 our WISEdata TFS Inclusion Count for Woodland Elementary was accurate. Over the weekend of December 2nd/3rd, Madinah Academy of Madison assumed the wrong student WISEid for one of our students. This sent an error due to a duplicate enrollment and removed this student from our TFS report. The student that I am referring to has been a student at Woodland Elementary since the beginning of the year with an enrollment start date of 9/5/23.

We contacted Madinah yesterday and they confirmed the mistake and said they would fix it. I also contacted DPI through a helpdesk ticket to let them know of this mistake. Madinah placed a ticket for help and DPI confirmed they gave directions on how to fix this error. Unfortunately, this morning, the error still exists. I reached out to DPI once again today to see what can be done. They guided me to submit this letter.

Thank you for your help resolving this issue.
