This letter is to correct the errors in DPI's WISEdash snapshot of the Cornell School District's October 1 child count.

DPI's WISEdash snapshot shows a count of 76 students on the October 1 Child Count for the 2023-24 school year. The correct WISEdash October 1 Child count number should be 77.

A student was missed as an error in the portal. All data at the district level and portal was correct. Still, an error in the portal system did not allow a student's IEP to communicate to Infinite Campus and, therefore, did not allow this student to be counted.

With no action from the district, the error has been corrected, and all systems are communicating as they should at this time

A handwritten signature in blue ink, appearing to read "PMS", with a horizontal line underneath.
