

Dr. Howard Fuller
Collegiate Academy
– Founded in 2004 –

To whom it may concern,

I am writing this letter to correct some improperly reported data for Dr. Howard Fuller Collegiate Academy (formally Milwaukee Collegiate Academy) in the 2018-2019 school year that affected our graduation rate in the 2021-2022 school year. In the 2017-2018 school year 56 of our students showed enrollments in grade 9 and in the following 2018-2019 school year, they were incorrectly reported as being enrolled in grade 11. The students should have been enrolled in grade 10 for the 2018-2019 school year. This error was brought to light as we noticed our HS completion percentage on WISE was only 61.3% due to the miscalculation of the student's cohort year (calculated as 2021 but should be 2022). In 2022 we graduated 72 of 74 students in the 2022 cohort, making our correct 4-year graduation percentage for 2021 97.30%. Please let me know if there is anything I can do beyond this letter to correct the graduation percentage show on WISE.

Best,

Robert T. McCann

Data Manager, Dr. Howard Fuller Collegiate Academy
