To Whom it May Concern:

I am submitting this data errata letter on behalf of the School District of Edgar.

It has come to our attention that we incorrectly reported some of our 2021-22 school year data. The number of CTE participant data had significantly lower participation reported than we experienced. This error was due to incorrect course coding in our student information system. We have since made the necessary code corrections, and the issue has been corrected for the 2021-2022 school year.

Please accept this data errata letter to explain the discrepancy in our number of CTE participant data for the School District of Edgar for the 2021-22 school year.

Sincerely,

Cari L. Guden
