May 4, 2021

To whom it may concern:

I am writing on behalf of the Appleton Area School District by submitting this Data Errata letter in order to correct the October 1, 2020 Count Data for the district. Specifically, a high school student within the district met graduation requirements for a 2019-20 graduate but was inadvertently listed as being enrolled for the 2020-21 school year. This student did not attend any Appleton Area School District school during the 2020-21 school year. Further, the student did not attend any alternative placement nor did he receive any services during the duration of the 2020-21 school year. Unfortunately, this was missed and the student was listed as having an enrollment for the 2020-21 school year. As part of the corrective process, we will delete the student's enrollment within the district's Student Information System (SIS) as well as the WISEdata portal. Please accept this Data Errata letter on behalf of the District for correcting this error.

Sincerely,

Steve J. Harrison
