Re: Data Errata

The purpose of this letter is to correct the year end special education data reported in the School District of Jefferson's December 7th WISEdash snapshot.

Due to a state reporting release from our SIS (PowerSchool) on Friday evening, December 3, 2021, a new issue emerged which caused 37 students' 20-21 special education records not to be sent to WISEdata. This occurred the day prior to the snapshot, causing it to be unable to be fixed in time for the snapshot. These records had previously been successfully sent to WISEdata/ WISEdash. A statement from PowerSchool's state reporting team is included.

Incorrect 20-21 year end special education count: 290

Correct 20-21 year end special education count: 327

The table below reflects the accurate 20-21 year end number for students with disabilities:

	K4	PK	KG	1	2	3	4	5	6	7	8	9	10	11	12	Grand Total
East Elementary	7	11	8	5	13	5	9	9								67
West Elementary	3		13	7	12	11	11	11								68
Sullivan Elementary	6	2	7	6	3	2	4	5								35
Jefferson Middle									18	19	16					52
Jefferson High												27	22	18	34	101
JEDI Virtual K-12							1		1			1				3
<b>Grand Total</b>	<b>16</b>	<b>13</b>	<b>28</b>	<b>18</b>	<b>28</b>	<b>18</b>	<b>25</b>	<b>25</b>	<b>19</b>	<b>19</b>	<b>16</b>	<b>28</b>	<b>22</b>	<b>18</b>	<b>34</b>	<b>327</b>

Hello Josie,

As a follow-up to your request for a letter from PowerSchool accounting for the change in your previously published data just prior to the Dec. 7, 2021 DPI Snapshot, I can share the response below from PowerSchool;

**Josie Simonson from Jefferson School District has requested documentation from PowerSchool on the issue in [PSSR-281010](#) that prevented them from being able to publish all of their SPED records for the Dec. 7<sup>th</sup> Snapshot. Jefferson will need to file a Letter of Errata with the State of Wisconsin explaining why their data did not publish.**

*Due to an issue in the logic of selecting which special program records to send, students with multiple status changes, only the initial special program was sent. This is currently planned to be resolved in our January 2022 release for Wisconsin.*

**Jefferson also has another potential issue with their Snapshot data as a result of [PSSR-280140](#) also included in the 21.11.2.2 state reporting release. Kirk sent an email earlier this morning. Data was previously published and with the release that data was changed.**

*Due to an issue in the logic of selecting student selection enrollment records, students that were enrolled in classes other than their home school were not selected. This was resolved for other WI customers in the 21.11.2.2 release. We are researching why this was not resolved also for Jefferson School District as [PSSR-281960](#) and case 06057912*

I hope this information is helpful to you. Please let me know if you have any additional questions.

I hope you have a Merry Christmas and I looking forward to talking with you again soon.

Happy Holidays,

**Nicole Pupanek**
