To Whomever It May Concern,

This letter is to correct the Montello School District's Third Friday of September and Second Friday of January pupil count data, primarily as it relates to our open enrollment student count.

On May 1st we were notified by Westfield school district that 5 students who, in previous years, had been open enrolled out of our district into the Westfield school district, now reside within the nonresident district and should no longer be considered open enrolled with the resident district of Montello. Thus, these five students were errantly included in our TFS and SFJ membership counts and now need to be subtracted.

Please accept this letter of data errata to explain the discrepancy in our open enrollment numbers for the 2023-2024 school year.

Sincerely,

Elizabeth Calnin
District Administrator

To Whomever It May Concern,

This letter is to correct the Montello School District's Third Friday of September and Second Friday of January pupil count data, primarily as it relates to our open enrollment student count.

On June 12th we were notified by McFarland school district that 3 students who, in previous years, had been open enrolled out of our district into the McFarland school district, now reside within a new resident district (not Montello), and should no longer be considered open enrolled with the resident district of Montello. Thus, these three students were errantly included in our TFS and SFJ membership counts, and now need to be subtracted.

Please accept this letter of data errata to explain the discrepancy in our open enrollment numbers for the 2023-2024 school year.

Sincerely,
