To Whom It May Concern:

I am submitting this data errata letter on behalf of the Luxemburg-Casco School District.

It has come to our attention that some of our Snapshot data for the 2021-2022 school year is being reported in error, specifically our CTE, Fine Arts, and Advanced Placement Course completion rates. This was related to an issue associated with settings for the performance base conversion type in our student information system (PowerSchool). Our course completion rates have been very high as we have remained in-person for instruction each of the past two years. Our participation data has been shared, however, final grades were not triggering the course completion indicator and completion has been incorrectly reported as very low or zero.

The issue has been corrected for the 2022-2023 school year and we believe data for this performance indicator will be accurately shared going forward. Unfortunately, our support vendor, Marcia Brenner Associates of Middleton, WI has informed us that the prior years' data cannot be repaired in time for the December 6, 2022 data snapshot.

Please accept this data errata letter as an explanation for the discrepancies in our WISEdata course completion data for Luxemburg-Casco High School for the 2022-2021 school year

Sincerely,

Dr. Jo-Ellen Fairbanks  
Superintendent  
Luxemburg-Casco School District
