RE: 2021-22 WISE Data

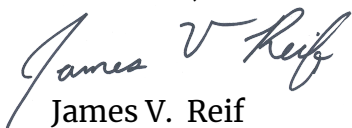

To Whom It May Concern:

I am submitting this data errata letter on behalf of the New Auburn School District. It has come to our attention that some of our Snapshot data for the 2021-2022 school year is being reported in error, specifically our CTE concentrator data.

We have since made the necessary code corrections in our Student Information System and the issue has been corrected for the 2022-2023 school year. These errors were caused by moving from a semester to trimester schedule. We believe data for this performance indicator will be accurately shared going forward.

Please accept this data errata letter as an explanation for the discrepancies in our WISEdata CTE concentrator data for New Auburn High School for the 2021-2022 school year.

In service,

James V. Reif
Asst. Superintendent
High School Principal
