To Whom it May Concern,

This letter is being written to correct an error in reporting our CTE participants and Concentrators and other Academic programs on our 21-22 DPI report card. We discovered after the December 8<sup>th</sup> WISE snapshot date that our program setup in our student information system was incorrect and very little, if any of this data populated correctly.

We worked with WiRCC support to correct the errors in our student information system and expect to report data accurately going forward.

Thank you,

Scott Hickey  
District Administrator
