9/13/23

To Whom It May Concern:

Our October 1, 2022 Child Count is incorrect. We erroneously listed 2 students as Parentally Placed Private 3-5 year olds. They should have been designated as Parentally Placed Private 6 - 21 year olds. We currently do not have a private preschool in our district.

I am requesting that this change be made to our PPP students so our Private School Reservation is accurate for the 2023-24 school year.

Respectfully submitted,

Kathy Rogers
