**Kelly J. Thiel**  
Special Education Director  
Extension 773

November 1, 2023

To Whom It May Concern,

The School District of Shiocton was recently made aware of errors in our data for the 2021-2022 school year: Career Education Programs. The error appears to have been caused by a computer essentials course that was labeled as a program type of 'Non-Certified Career Education course' and was also listed as being in the 'Supervised Agricultural Experience career education program'. This course does not qualify to be considered as a Career Education Course or Program.

We have taken measures to address the incorrect data entered for our Computer Essentials course in our SIS and are seeking a correction of our data as follows:

- We have 0 students in the Supervised Agricultural Experience career education program for the 2021-2022 school year.
  - Our snapshot data shows that we had 64 students in this program; which is incorrect

Please let me know if there is any additional information needed in order to correct the data errors.

Sincerely,

---
