To Whom it May Concern:

I am submitting this data errata letter on behalf of the Stevens Point Area Public School District.

It has come to our attention that we incorrectly reported some of our 2021-22 school year data. Our Work-Based Learning data had significantly higher participation reported than we experienced. This error was due to incorrect course coding in our student information system. We have since made the necessary code corrections, and the issue has been corrected for the 2022-2023 school year.

Please accept this data errata letter to explain the discrepancy in our Postsecondary Preparation data for the Stevens Point Area Public School District for the 2021-22 school year.

Sincerely,

Brent Gostomski
CTE Coordinator
