Data Errata Letter  
October 1<sup>st</sup> Count Error  
Unity School District  
LEA #0238

Dear Mr. Drew Osborne,

Unity School District is aware that our October 1<sup>st</sup> Count was off due to errors within our Student Information System. Unfortunately, despite all of our efforts, Unity School District was unable to rectify the errors prior to the December 8<sup>th</sup> snapshot.

Unity School District submitted a Help Ticket on December 8<sup>th</sup> and an email was sent to Unity from yourself with information about how to proceed. Please consider this letter as a proactive response in correcting this error.

Unity's student information system is up to date and consists of the correct number of Special Education Students attending Unity School District during the 2020-2021 school year. Unity School District's corrected October 1<sup>st</sup> count is 179 special education students. Please conduct another snapshot to update the DPI system, or complete whatever measures are necessary to update the system with Unity's correct number.

Thank you, and please let me know if you have any additional questions.

Sincerely,

Carol Ann M. Kline  
Special Education Director  
Unity School District  
(715)825-2131, ext. 3050
