RE: 2020-21 WISEstaff Data Errata

This data errata letter to the DPI is to correct an incorrectly reported Working School for Donald Ippolite. I see that Donald Ippolite's Working School was incorrectly reported as 0430 and should have been 0800 - Second Avenue School.

Thank you for your assistance in resolving this matter.

Sincerely,

A handwritten signature in black ink that reads "Ashley Bauer".
