RE: 2022-2023 WISEstaff Data Errata

The 2022-2023 WISEstaff Final Audit Error Report for Stanley-Boyd Area School District identified one substitute teacher as “License Not Valid for this Current School Year”. This teacher originally submitted the license renewal application requesting a start date of 07/01/2023. This substitute submitted a correction request to DPI reflecting a start date of 07/01/2022. DPI approved and has made the start date correction on this license. The substitute now holds a valid license for the 2022-2023 school year.

If you have questions or require additional information, please contact me at 715-644-5534 ext. 101.

Sincerely,

Renee Mahal  
Administrative Assistant
