DECEMBER 2019 Wisconsin Department of Public Instruction

The Wisconsin Department of Public Instruction does not discriminate on the basis of sex, race, color, religion, creed, age, national origin, ancestry, pregnancy, marital status or parental status, sexual orientation, or disability.

Wisconsin Statutes 115.28(7)(g), require the Wisconsin Department of Public Instruction (DPI) to report on the state's educator preparation programs (EPPs). The report must include information on program completers and their first time pass rates on required performance assessments. Additionally, the DPI is including selected licensure and short-term employment data for EPP completers. This report uses EPP completer data; licensure exam results (Praxis II; the American Council for the Teaching of Foreign Language (ACTFL); and Foundations of Reading Test); and public school employment data. Future reports will include edTPA results and continuous employment trends by graduate cohorts.

## Definitions

**EPP completers** are unduplicated counts of candidates who have completed an approved educator preparation program (traditional or alternative route) and all requirements for licensure between September 1, 2015, and August 31, 2016, and are eligible for licensure in Wisconsin.

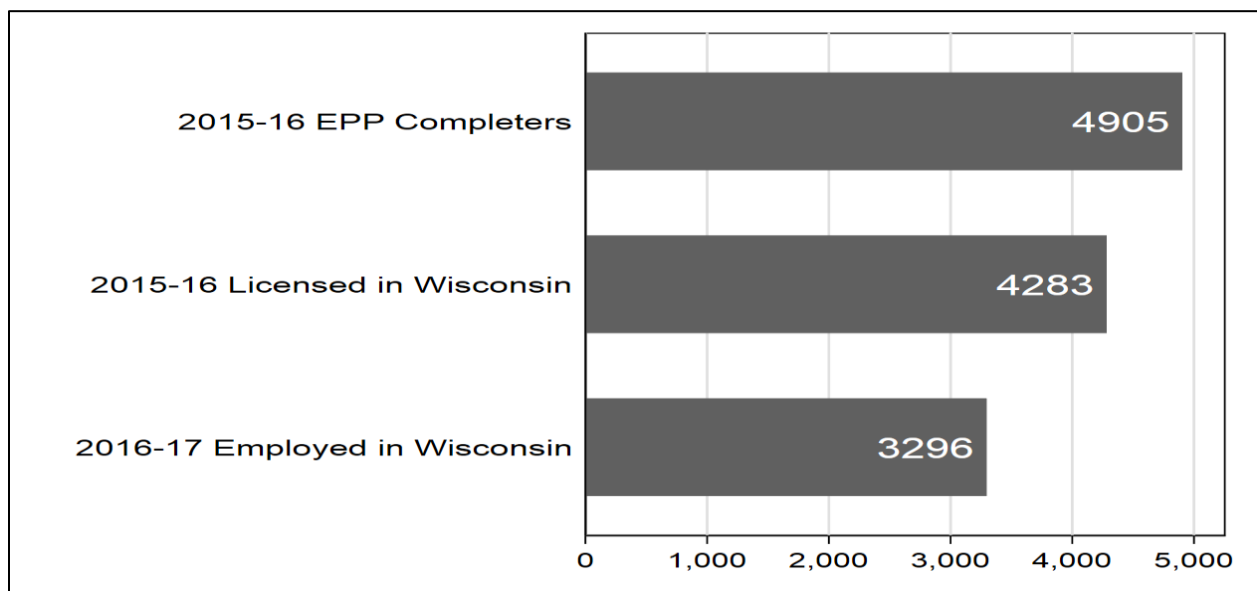

**Licensed in Wisconsin** refers to 2015-16 EPP completers who received one or more Wisconsin teaching licenses between December 1, 2015, and August 31, 2016, after successfully completing an educator preparation program.

**Note:** Some EPP completers do not seek Wisconsin licensure because they move to another state, seek employment in a private school, or work in a non-education field.

**Employed in Wisconsin** refers to EPP completers (based on the definition above) from 2015-16 who were employed in public schools in Wisconsin during the 2016-17 year. These data do not include EPP completers who are employed in another state or in Wisconsin private schools because those employers do not report to DPI.

Between September 1, 2015, and August 31, 2016, 4,905 candidates completed a Wisconsin educator preparation program. This represents a 15.7% increase from the number of completers in 2014-15 (4,239). A large majority (87.3%) of EPP completers applied for and received a Wisconsin license, and more than two-thirds (67.2%) were employed in a Wisconsin public school during the 2016-17 school year.

## Licensure Assessments

As required under Wisconsin Statutes 115.28(7)(g), this report includes information on candidates' first-time and overall pass rates on required licensure tests (i.e., Praxis II, American Council on the Teaching of Foreign Languages (ACTFL), and the Foundations of Reading Test for Wisconsin). Testing data summarized below include candidates who were enrolled in educator preparation programs and took tests between September 1, 2015, and August 31, 2016. Students are not considered program completers or endorsed for licensure until they have passed all required assessments for their licensure/subject area. As a result, there are more test-takers than program completers for most educator preparation programs.

### Praxis II Assessment

The Praxis II Assessment, administered by the Education Testing Service (ETS), is required for candidates in all subjects (except for World Languages—see below) who apply for Wisconsin licensure. A complete listing of Praxis II subject area tests used in Wisconsin can be found on the ETS website (<http://www.ets.org/Praxis/wi/requirements>). All applicants for Regular and Special Education licensure must complete the Elementary Education or Middle School Content assessment, while those seeking licensure in subject areas at the middle and high school level must pass the Praxis II assessment for their subject area.

## American Council on the Teaching of Foreign Languages (ACTFL) Assessments

The ACTFL is required for all world language teacher candidates enrolled in Wisconsin educator preparation programs beginning September 2011. To learn more about Wisconsin-approved world language assessments, go to the Language Testing International (LTI) website (<http://www.languagetesting.com>).

**Table 13.** ACTFL Pass Rates - Statewide (2015-16)

Language	Number of First-time Test Takers	Number of Candidates Passing on First Attempt	Percent of Candidates Passing on First Attempt	Percent of Candidates Passing on Any Attempt
French	5	*	*	*
German	3	*	*	*
Spanish	18	16	89%	94%
All Other Languages	2	*	*	*

ACTFL Pass Rates by EPP for 2015-16 is unavailable due to the small number of test takers statewide. The data disaggregated by EPP would have provided statistically unreliable indicators.

## Wisconsin Foundations of Reading Test

The Wisconsin Foundations of Reading Test (FORT) assesses proficiency and depth of understanding of reading and writing development. Applicants for initial licensure as an elementary (grades K-5, EC, EC-MC, MC-EA), special education, or reading teacher, or as a reading specialist, must receive a passing score on the FORT. Any licensed teacher wanting to add one or more of these areas to their license must also pass the test. For more information, see the Wisconsin Foundations of Reading Test web page from Pearson (<http://www.wi.nesinc.com/Home.aspx>).

Please note that the first three columns of data in the tables below refer to candidates who took the required test for the first time between September 1, 2015, and August 31, 2016. The final column includes candidates who first took the test prior to September 1, 2015, *and also took it* between September 1, 2015, and August 31, 2016. Therefore, the pass rate for “Any Attempt” may be higher or lower than the first-time pass rate.
