#### Commendations:

Thank you to the staff at Greenwood School District for the courtesies extended to us during the on-site review and for being available to answer questions and provide additional information. All were very receptive to recommendations and guidance. In addition, thank you for taking the time to respond to the off-site questions and requests, as well as pulling records for the on-site portion of the review. It was a pleasure to visit Greenwood School District.

#### Recommendations:

The Department of Public Instruction (DPI) School Nutrition Team (SNT) conducts School Nutrition Skills Development Courses (SNSDC) each summer in various locations around the state. Courses cover many areas of the school nutrition programs including administrative responsibilities, program basics, meal pattern requirements and menu planning, financial management, meal benefit determination process, professional standards, procurement, and many other topics. More information along with other upcoming trainings and webinars can be found on the Wisconsin DPI <a href="School Nutrition Training">School Nutrition Training</a> webpage (dpi.wi.gov/school-nutrition/training).

SFA staff are encouraged to pursue GOALS Certification. GOALS stands for Goal Oriented Achievement Learning Skills. This is a certificate endorsed by the DPI and is obtained by completing training in nutrition, program administration and operations, or communications and marketing. For more information go to the Wisconsin DPI <a href="School Nutrition Training">School Nutrition Training</a> webpage (dpi.wi.gov/school-nutrition/training/goal-oriented-achievement-learning-skills).

| Corrective Action History      | Finding: On the Annual Financial Report, some expenses were not broken out by program and expense category (7 CFR 210.19).  CA: Review the Annual Financial Report webcast or manual on the DPI website then update the 2018-19 Annual Financial Report with expenses broken out by program and category. Upload the corrected report into SNACS. The report will need to be updated in the online portal. The DPI accountant will have to make any adjustments after December 31 to the Annual Financial Report.  Finding: The finding is that the milk cost that occurs for those who are at a paid status for milk for the WSDMP were not being broken out to the non-program foods category. In addition, a transfer is required from another fund outside of food service to cover the cost for those of a paid status as all children participating in the program were receiving free milk.  CA: Please make the fund transfer over to show for the 2018-2019 Annual Financial Report. Please also submit a statement of understanding that a transfer needs to occur each year for those milks taken that are considered a paid status. |  |  |  |  |  |
