NPC commendations:

Thank you to the staff at St Paul's Catholic School for the courtesies extended to us during the review process and for being available to answer questions and provide additional information. All were very receptive to recommendations and guidance. In addition, thank you for taking the time to respond to the off-site questions and requests as well as pulling records for the review. It was a pleasure to meet and work with everyone.

NPC recommendations:

- The Department of Public Instruction (DPI) School Nutrition Team (SNT) conducts School Nutrition Skills
 Development Courses (SNSDC) each summer in various locations around the state. Courses cover many areas of
 the school nutrition programs including administrative responsibilities, program basics, meal pattern
 requirements and menu planning, financial management, meal benefit determination process, professional
 standards, procurement, and many other topics. More information along with other upcoming trainings and
 webinars can be found on the Wisconsin DPI <u>School Nutrition Training</u> webpage (dpi.wi.gov/schoolnutrition/training).
- SFA staff are encouraged to pursue GOALS Certification. GOALS stands for Goal Oriented Achievement
 Learning Skills. This is a certificate endorsed by the DPI and is obtained by completing training in nutrition,
 program administration and operations, or communications and marketing. For more information go to the
 Wisconsin DPI <u>School Nutrition Training</u> webpage (dpi.wi.gov/school-nutrition/training/goal-orientedachievement-learning-skills).
- The US Department of Agriculture (USDA) has a toolkit of resources to assist schools in meeting the nutrition standards on their <u>Healthier School Day: The School Day Just Got Healthier</u> webpage. The topics covered include Smart Snacks, offering fruits and vegetables, reducing sodium, and serving whole grain-rich products (http://www.fns.USDA.gov/healthierschoolday).
- The Smarter Lunchrooms Movement encourages schools to implement low-cost and no-cost lunchroom solutions to help students select healthier meal options (http://smarterlunchrooms.org). Smarter Lunchroom techniques are easy to begin implementing and help encourage student consumption of fruits, vegetables, legumes, non-flavored milk, and other healthful choices. These strategies are effective and research-based. Consider trying the Smarter Lunchroom techniques for increasing consumption of white milk.

PHN commendations:

Thank you for uploading organized and thorough meal pattern documentation. We appreciate your flexibility and patience during this unusual review process. Thank you.

PHN recommendations:

Should St. Paul's even begin serving and claiming PreK meals: The updated Child and Adult Care Food Program (CACFP) meal pattern was implemented on October 1, 2017, replacing the previous meal pattern options for SFAs serving infants and children aged 1-5 and not yet in kindergarten. Meals served under the updated CACFP meal pattern include a greater variety of vegetables and fruits, more whole grains, and less added sugar. Menu planning worksheets can be found in the tab "Documents." More information regarding the updated CACFP meal pattern is available on the Infants and Preschool in NSLP and SBP webpage (https://dpi.wi.gov/school-nutrition/national-school-lunch-program/infants-and-preschool) and these following resources:

Planned portion sizes are required for every meal component. Even in self-service at the salad bar, the menu planner must plan a specific portion size that he or she intends students to take. The minimum creditable portion of vegetables is 1/8 cup.					5/13/	2020 11:30:03 AM

Proper crediting documentation was not available for #54278 Tyson Whole Grain Crispy Chicken Tenders served on 2/13. Processed foods that are not listed in the USDA Food Buying Guide must have a product formulation statement (PFS) or a Child Nutrition (CN) label to document meal component crediting. Provide crediting information by securing a PFS directly from the manufacturer or saving/taking a picture of a CN label directly off the packaging. Received, thank you.					5/13/	2020 11:26:00 AM
