				\$400,700

The School Nutrition Team (SNT) received applications from 46 School Food Authorities, with requested equipment totaling over \$700,000. As required by U.S. Department of Agriculture (USDA), priority was given to schools with the highest percentage of students eligible for free and reduced priced meals that had not received a previous equipment grant through the American Recovery and Reinvestment Act of 2009 or the FY 2010, 2014, or 2015 Agriculture Appropriations Acts. Congratulations to the 22 School Food Authorities listed above on their selection for this grant! Interested schools should continue to watch the SNT website for future equipment grant opportunities. (April 2017)
