

Valid Reporting and License Codes for Special Education and Pupil Services Staff SPED/SAP Categorical Aid Eligibility

July/5/2017

This document reflects the updated licensing codes implemented with Educator Licensing Online (ELO). More information on ELO license coding is available at <http://dpi.wi.gov/tepd/licensing/license-assignment>.

NOTE ON SUBSTITUTE TEACHERS: A teacher substituting in one assignment for up to 45 days is considered a short-term substitute, eligible for aid with any valid DPI teaching license. A teacher substituting in one assignment for more than 45 days is considered a long-term substitute and must be fully licensed for the assignment—substitute licenses (T601, P601, A601) are not allowed for long-term substitute aid eligibility.
