Re: Petition to Alter School District Boundaries

Dear Ms. Fry:

A Petition to alter the boundaries of the School District of West Allis-West Milwaukee, et al. by requesting to detach from the District and attach to the New Berlin School District, was filed pursuant to s. 117.12, Wis. Stats., on January 27, 2023. The Petitioners had an opportunity to meet with the School Board on February 13, 2023 to present their reasons for the proposed reorganization. On Monday, February 27, 2023, the West Allis-West Milwaukee School Board met at a duly noticed public meeting to consider the Petition and criteria for school reorganizations as they affect the educational welfare of all of the children residing in the affected school districts pursuant to s. 117.15, Wis. Stats.

After the discussion at the Board meeting on Monday, February 27, 2023, the School Board adopted a Resolution denying the Petition based on the criteria under s. 117.15, Wis. Stats.

A certified copy of the adopted Resolution is enclosed. Additionally, the School Board has enclosed a copy of the Petition, along with the supporting attachments to the Resolution, which include the rationale for denial of the Petition.

If you have additional questions or concerns, please contact Superintendent Lexmond at 414-604-3005.

Attachment to Resolution  
February 28, 2023

The Board of Education for the School District of West Allis-West Milwaukee, et al. has voted to adopt a Resolution denying the Petition from Patty Fortune and Campbell Czajka ("Petitioners") to alter school boundaries, by requesting to detach approximately 161 parcels in New Berlin from the School District of West Allis-West Milwaukee, et al. ("WAWM") and attach the property into the New Berlin School District. The Board heard testimony from the petitioners on Monday, February 13, 2023. After the discussion at the Board meeting on Monday, February 27, 2023, the Board adopted a Resolution denying the Petition based on the criteria for school reorganizations as they affect the educational welfare of all the children residing in the affected school districts pursuant to Wisconsin Statute section 117.15. Specifically, the Board has voted to deny the Petition based on the following reasons:

- Petitioners were concerned that school consolidation would eliminate Hoover Elementary. In the District's Facility Master Plan and the District's school consolidation decision making matrices, the District included the criteria that it will continue to operate the schools in the communities it serves outside of the City of West Allis. This means Hoover is not being considered for consolidation. The petitioners also cited added costs and environmental impact of the additional miles traveled to some of the schools in the examples they provided but when the miles are annualized, the totality of miles driven has a much higher environmental impact and costs if detachment took place; meaning, travel distances in terms of annual miles and school career miles are longer for WAWM students in New Berlin if they were to attend New Berlin schools.
- There is a significant difference in the economic realities of the families served in the West Allis-West Milwaukee School District compared to the New Berlin School District. Only 13.7% of New Berlin students qualify as economically disadvantaged while 63.2% of West Allis - West Milwaukee students do in the 2021-2022 school year. For comparison over time the New Berlin rate in 2015-2016 was almost the same at 13.4% while our rate increased by more than 3 percentage points from 59.3%. The differences in performance of the District's schools and school districts must be considered within the context of these demographic realities. While New Berlin Schools outperform our schools, high school students compare well to their New Berlin counterparts and actually outperform them. In 3rd to 5th grade math New Berlin students at Hoover outperform all Hoover students but underperform compared to New Berlin students at Orchard Lane.
- Petitioners referenced high teacher turnover. The District has tracked voluntary teacher turnover and voluntary teacher turnover for 21-22 was 18.2% (about the national average) and turnover from July 2022 - December 2022 is 6.9%, which is trending downward.

- Petitioners mentioned detachment will have a positive effect on overcrowding projects. The District's school consolidations will not cause overcrowding. The schools receiving new students have had as many and even more students in the past. Overcrowding is not a projected concern for the District.
- The petitioner's believed that as a result of the 2022 failed referendum, the District would increase class sizes and cut programs, including athletic programs. Neither of these have occurred. The School Board has not changed class sizes and staffing targets and has not cut programs or athletic budgets. The School Board is slowly increasing the budget for Capital Improvement Projects and maintaining class size and program budgets. Detachment would reduce high school enrollment making it more difficult to offer competitive athletic programs. Further, WAWM target class sizes are considerably lower now than in New Berlin. The District has continued its commitment to smaller class sizes in spite of the failed referendum.
- If all students (or parcels) were to detach from the WAWM, it would result in an increase in the Mill rate for WAWM residents and property owners.
- The District is committed to addressing academic achievement, especially in the context of realities working with many more families in poverty than the New Berlin School District. While all schools and school districts find challenges in student safety, the District is equally committed to ensuring safe and enjoyable environments for our students, including those 21 students who are a part of the petition.
- Provided all the New Berlin students were permitted to detach, this would mean the District would lose 248 resident members both in attendance and accessing open enrollment. Based on 2022-23 per pupil amounts this would mean a total of \$2.1 million in lost revenue. The total EPV for all of New Berlin residing in the WAWM School District is \$424,433,481 this represents just under 7% of the total EPV for all municipalities within the WAWM School District. 248 students is roughly 3% of student resident membership. If the District lost 3% of its membership, but 7% of the tax base, WAWM residents could expect taxes (mill rate) to increase.
- Should the entire portion of New Berlin detach from the WAWM School District; it would allow our most affluent families to attend a more affluent district with a projected decrease in their mill rate. Conversely it would impact the District's less affluent families by providing them with a 10% increase in their mill rate.
- If all the parcels within New Berlin detach, it may further complicate the boundaries of the City of New Berlin and the Elmbrook School District.
- The basic demographic facts of the impact of the proposed detachment and the likelihood of this creating a snowball effect, shows that the detachment is inherently unfair to the students and teachers of the WAWM School District.
- The difference between the socio-economic status of the New Berlin students in the petition and New Berlin students attending the WAWM School District overall is that they are in more affluent households. In addition, there is a stark difference in the percent of economically disadvantaged families in the WAWM School District compared to New Berlin overall. WAWM also serves a higher percentage of students with disabilities.
- The racial demographics of the students within the petition compared to all New Berlin students within the WAWM indicates the significant differences in the overall racial demographics of the two school districts demonstrating that WAWM is more balanced in its diversity. The student benefit perspective presents the overwhelming benefit to students of being in more integrated schools rather than less integrated schools. If all students within the City of New Berlin who attend WAWM schools were detached and moved to the New Berlin School District, it would concentrate poorer students with greater needs in one district, West Allis - West Milwaukee, and would reduce these challenges in the other, New Berlin.

- WAWM offers a more integrated school environment than New Berlin School District. Research on the benefits of integrated schools signify students in integrated schools have higher average test scores, students in integrated schools are more likely to enroll in college, students in integrated schools are less likely to drop out, integrated schools help to reduce racial achievement gaps, and integrated classrooms encourage critical thinking, problem solving, and creativity.
- Since the failure of the 2022 referendum, the administration and school board decided that the District would not reduce or cut programming and have remained committed to class size targets. At no time, post referendum, have these things changed. The class size targets continue to be lower than the New Berlin School District
- WAWM School District is in a much healthier financial position. Just comparing fund balance alone, WAWM has a fund balance of 37.05% of its overall budget and New Berlin is at 31.66%. Inside of these numbers is another indicator of strong financial planning for the future for WAWM. Per the 2021-22 Financial Statements, New Berlin does not have a Fund 46/49 which supports capital improvements.
- Open enrollment is an option which allows students to attend nonresident school districts. A small number of open enrollment seats were available in the New Berlin School District in recent years. WAWM students who live in New Berlin do get seats in the New Berlin School District if seats are available.

# Historical Background

- 1947 Milwaukee County School Committee formed to consider school district consolidations in and around Milwaukee County
- January 19, 1954 West Allis Common Council annexed territory from the Town of Greenfield which included the School District of Parkway and Johnson
- January 25, 1954 The City of West Allis annexed from the Town of Wauwatosa the territory of the Lafollette and Lane School Districts.
- “On March 17, 1954, the Milwaukee County Committee received a petition signed by 154 residents of the New Berlin portion of the Parkway School District. It requested that the portion of New Berlin that was known as Parkway No G-6 District be permitted to continue in the West Allis system.” (*100 Years of the West West Allis and West Milwaukee Schools*. Pages 66-70)

# Historical Background

- “West Allis officials voiced opposition to including the position of New Berlin, Waukesha County in the West Allis School System.”
- “After much discussion, the County School Committee took action. A motion was made to consolidate... and Joint School District No. 6 of the Town of Greenfield in Milwaukee County and the Town of New Berlin in Waukesha county (Parkway District) with the School District of the city of West Allis.”

# What is the request made by the petitioner?

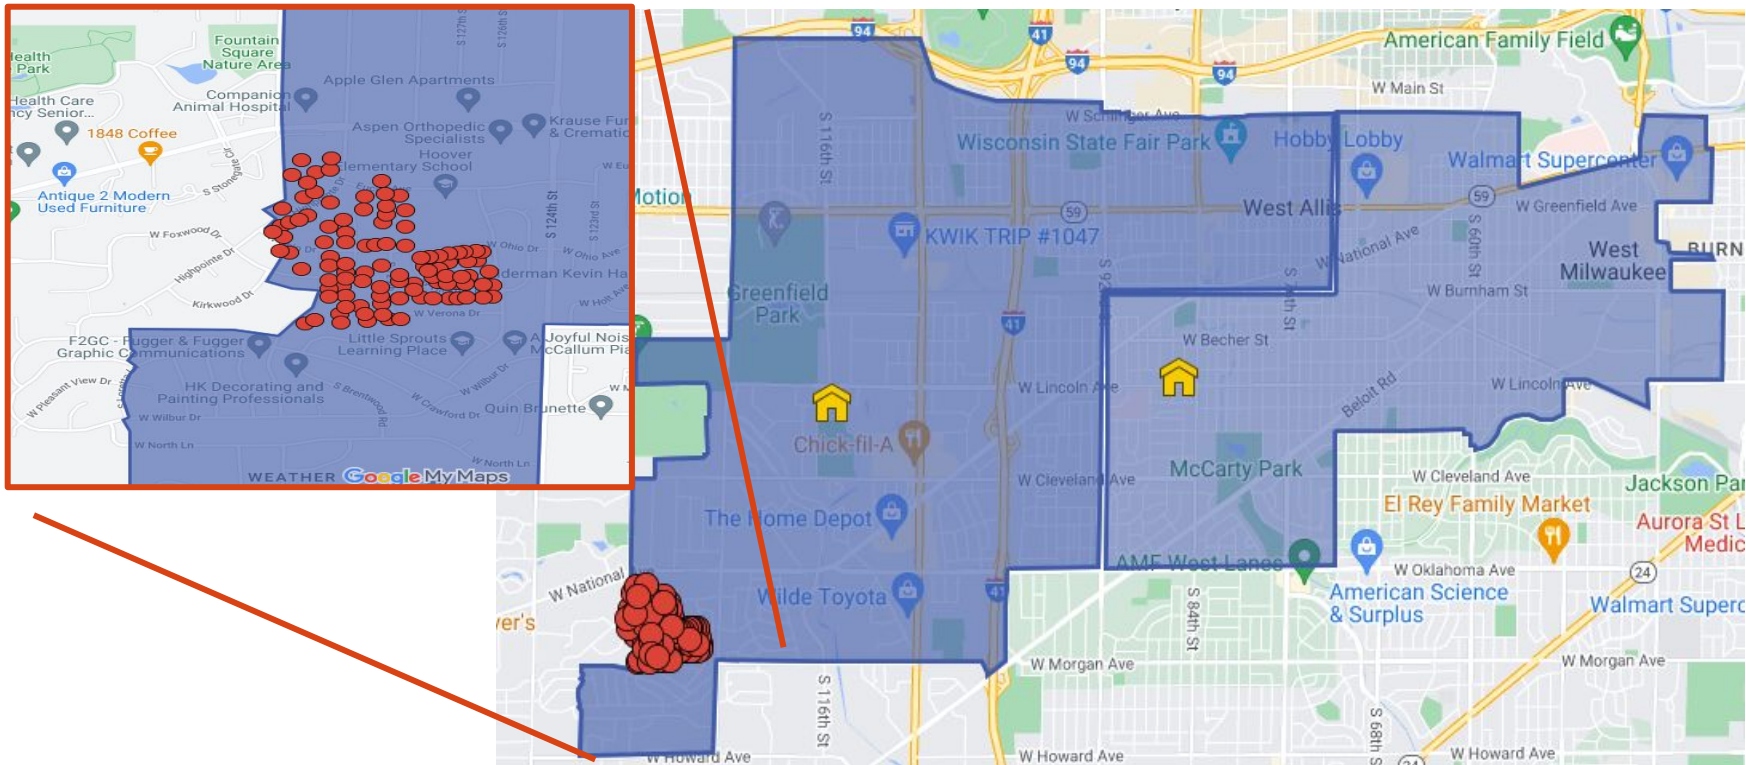

Alter the boundaries for a small territory of New Berlin households located within the West Allis – West Milwaukee (WAWM) School District and allow the New Berlin students living within this small territory to attend the adjoining New Berlin School District.

## Response to School Consolidation Planning

In the petitioner's February 13, 2023 presentation they noted the following from a Milwaukee Journal Sentinel Article:

At a June 6, 2022, special meeting by the WAWM School board, the School Board approved the motion to Consider a plan to consolidate one additional elementary school and two high schools into one by the end of the 2023-24 school year. The additional elementary school has not yet been determined.

On July 19, 2021 the WAWM school board approved a Facility Master Plan which included a commitment to continue to operate all of the schools not located within the municipal borders of the city of West Allis. Hoover Elementary School will continue to operate as an elementary school within the West Allis - West Milwaukee School District, regardless of other school consolidation decision.

**The educational needs of all of the children residing in the affected school districts, the educational programs currently offered by each affected school district and the ability and commitment of each school district to meet those needs and continue to offer those educational programs.**

# Wisconsin State Legislature Criteria (#2)

There is no doubt we have a lot of work to do, the data make this abundantly clear.

Missing is the impact of family income and student achievement:

**“In predicting levels of student achievement, family incomes continue to be reliable indicators.”** ([HERE](#))

“Family Income. As with parental education, family income may have a direct impact on a child’s academic outcomes, or variations in achievement could simply be a function of the school the child attends: parents with greater financial resources can identify communities with higher-quality schools and choose more-expensive neighborhoods—the very places where good schools are likely to be. More-affluent parents can also use their resources to ensure that their Two percent of U.S. children have a parent in federal or state prison. children have access to a full range of extracurricular activities at school and in the community.” ([HERE](#))

**If territory is proposed to be detached from one school district and attached to an adjoining school district, whether the proposed detachment will have any adverse effect on the program currently offered by the school district from which the territory is proposed to be detached, including both curricular and extracurricular aspects of that program.**

# Wisconsin State Legislature Criteria (#3)

- The petitioners cited that as a result of a recent failed referendum the WAWM School District would increase class sizes and cut programs.
- Neither of these have occurred given that our board has not changed class size and staffing targets and has not cut program or athletic budgets.
- Instead, our board is slowly increasing the budget for Capital Improvement Projects and maintaining class size and program budgets.
- However, if the detachment is approved it will reduce high school enrollment making it more difficult to offer competitive athletic programs.

# Wisconsin State Legislature Criteria (#4)

The testimony of and written statements filed by the residents of the affected school districts.

# Wisconsin State Legislature Criteria (#4)

The petitioners cited statements from parents and community members that largely focused on academic achievement and safety. All schools and school districts, at times, struggle to provide safe environments for all students.

**New Berlin school officials investigate video that shows student using homophobic slur ([HERE](#))**

**Students, parents confront New Berlin school board over comments about race, Black History Month ([HERE](#))**

**Football player accused of hazing sues school district ([HERE](#))**

“The lawyers call the suspensions of all the players an “ill-conceived attempt to cast a wide net to abate hazing and bullying...” at New Berlin Eisenhower.”

# **Wisconsin State Legislature Criteria (#5)**

**The estimated fiscal effect of the proposed reorganization on the affected school districts, including the effect of the apportionment of assets and liabilities.**

# Wisconsin State Legislature Criteria (#5)

## Revenue

Assuming that all of New Berlin is allowed to detach this would mean that WAWM could potentially lose revenue under the following:

- 196 current resident members attending our schools =
  - $\$10,500 * 196 = \$2,058,000$  (Revenue)
- 52 current resident members open enroll out of WAWM School District to NB:
  - Estimated Revenue:  $\$10,500 * 52 = \$546,000$
  - Estimated Expense =  $(\$439,617)$
  - Net Revenue =  $\$106,383$
- Total lost revenue =  $\$2,164,383$

# Wisconsin State Legislature Criteria (#5)

## Equalized Property Value

2022 Equalized Property Value of the New Berlin portion of the WAWM School District

- \$424,433,481 (this represents 7% of the total EPV of the WAWM District)
- 248 Resident Members (*196 enrolled, 52 open enrolled out*)
- EPV is approximately 7% of the WAWM District, whereas 248 students is 3% of our membership.
- Thus if we lose 3% of our membership, but 7% of our tax base, you can expect taxes (mill rate) for all other residents in WAWM to increase.

# Wisconsin State Legislature Criteria (#5)

## Mill Rate Analysis - WAWM

248 resident members detaching to New Berlin

2022-23 Current Mill Rate: \$6.55

2022-23 Projected Mill Rate (with loss of students): \$7.21

This results in a 10.07% tax increase for West Allis, West Milwaukee and Greenfield Residents.

## Mill Rate Analysis - New Berlin

248 resident members detaching to New Berlin

2022-23 Current Mill Rate: \$6.89

2022-23 Projected Mill Rate \$6.59

Due to the increase in total equalized property value and increase in resident members this would represent approximately a 4.3% decrease in property taxes for New Berlin residents.

# Wisconsin State Legislature Criteria (#7)

## Students with Disabilities Comparison

Category	Number of Special Education Students	Percentage of Special Education Students
New Berlin Students attending WAWM	24 /194	12.3%
New Berlin Students who filled out petition	2 / 21	9.5%

## 2021-2022 Students with Disabilities Comparison

West Allis - West Milwaukee	New Berlin
15.9%	9.2%

# Wisconsin State Legislature Criteria (#7)

**There are two primary ways to analyze the impact of the proposed detachment on socioeconomic level and racial composition of the pupils.**

- The social justice perspective presents a problem of simple fairness.
- The student benefit perspective presents the overwhelming benefit to students of being in more integrated schools rather than less integrated schools.

# Wisconsin State Legislature Criteria (#7)

**Social justice analysis of impact of the detachment of all New Berlin properties on socioeconomic level and racial composition of the pupils.**

Factor	West Allis - West Milwaukee	New Berlin
Racial Composition (Percent Non White)	53.7%	20.9%
Economic Disadvantage	63.2%	13.7%
Students with Special Needs	15.9%	9.2%

**This analysis indicates that if all New Berlin properties detach, the impact is that students in the West Allis - West Milwaukee School District will attend a school district that serves more students in poverty and more student with special needs. New Berlin students will benefit from the opposite.**

# Student Benefits of Being in Integrated Schools

The Century Foundation published research that shows the benefit of integrated schools:

*The Benefits of Socioeconomically and Racially Integrated Schools and Classrooms* (April 29, 2019) ([HERE](#))

## Academic and cognitive benefits

- Students in integrated schools have higher average test scores.
- Students in integrated schools are more likely to enroll in college.
- Students in integrated schools are less likely to drop out.
- Integrated schools help to reduce racial achievement gaps.
- Integrated classrooms encourage critical thinking, problem solving, and creativity.

# Wisconsin State Legislature Criteria (#8)

## Results of any referendum

During the recent facility referendum we discussed these impacts if it failed

- Cutting programming & staff
- Increasing class size
- Other measures alike

We have maintained our class size targets, maintained programming and balanced this with managed investments in capital improvement projects.

# Wisconsin State Legislature Criteria (#3 & 8)

## WAWM Compared to New Berlin Class Size Targets

# Wisconsin State Legislature Criteria (#9)

## Other appropriate factors.

- Fund Balance Comparison
- Credit Rating Comparison
- Open Enrollment as an Option

# Wisconsin State Legislature Criteria (#9)

## Fund Balance & Credit Rating Comparison

	<u>West Allis-West Milwaukee</u> June 30, 2022	<u>New Berlin</u> June 30, 2021

% of General Fund v. Expenditures	37.05%	31.66%
Credit Rating	Aa2 (Moody's)	Aa2 (Moody's)

# Wisconsin State Legislature Criteria (#9)

## Open Enrollment and other School Choice Options

- The State Legislature has systems in place for students to attend area non-resident schools districts, which include the following:
  - Open Enrollment
  - WPCP & MPCP (Wisconsin/Milwaukee Parental Choice Program) - - Voucher Program
  - Home-schooling
- Open enrollment is the main option for families seeking to choice their child from one public school district to another.
- This exists as a mechanism for families looking to enroll in an area non-resident district.

# Wisconsin State Legislature Criteria (#9)

## Open Enrollment

	# of new open enrollment seats - New Berlin School District Approved by Year	# of New Berlin Students <u>applying</u> who live in WAWM School District by Year	# of WAWM School District students living in New Berlin who are open enrolled to New Berlin School District by Year
2019-20	0	7	1
2020-21	30	16	7
2021-22	0	7	10
2022-23	0	30	13
2023-24	0	TBD	N/A

# Wisconsin State Legislature Criteria (#9)

## Open Enrollment

Given this data around open enrollment as well as the petition request, the following question remains:

- It is unlikely that the New Berlin School District will have room for the 21 resident members associated with this petition and the 248 resident members if all New Berlin territories detach, given they have no new seats available for students under the Open Enrollment Program.

# Summary of Significant Considerations

The petitioners provided compelling yet incomplete evidence in support of their petition to detach a small territory from the West Allis - West Milwaukee School District and attach it to the New Berlin School District. The West Allis - West Milwaukee School District analysis demonstrates the following:

- Travel distances in terms of annual miles and school career miles are longer for West Allis - West Milwaukee students in New Berlin if they were to attend New Berlin schools.
- The differences in academic achievement are largely likely attributable to family income and in ELA New Berlin students in our high school outperform their counterparts.
- The petition disproportionately impacts students in the West Allis - West Milwaukee school district making the district poorer and more responsible for a higher percentage of student with special needs.
- The petition makes both school district less diverse which contradicts the research on the value of integrated schools.
- Class sizes have not increased and programs have not been cut as a result of the failed referendum in the West Allis - West Milwaukee School district
- The financial standing of the West Allis - West Milwaukee school district is stronger

# Recommendation

1. Approve a resolution denying a petition to detach approximately 161 land parcels from the School District of West Allis-West Milwaukee, et al. and attach the properties to the New Berlin School District, for the reasons presented.
2. Authorize the Board President to prepare and include with the Resolution a summary of the rationale for the Board's denial of the Petition as discussed by the Board tonight. [HERE](#) is the Signed Resolution.

## Elementary Schools

School District of New Berlin (SDNB) elementary students participate in a rigorous academic program that aligns with Wisconsin's Standards and evidence-based instructional methods in each content area. Students receive instruction in English Language Arts, mathematics, science, and social studies daily. All elementary students in SDNB take benchmark assessments in reading in math three times per year to monitor their progress in their instruction. Students at risk of not achieving yearly benchmarks are offered intervention services to ensure that all district students make adequate progress each year. In addition, SDNB offers gifted and talented programming to students who qualify to ensure they are supported and growing to their fullest potential.

In addition to the rigorous academic programming detailed above, the school district offers a variety of additional programs. First, to enhance students' knowledge and appreciation of the arts, all students take one hour of art class and one hour (two-30 minute sessions) of music class each week. Students in grades 4-6 have the opportunity to participate in the choir as well as join the art club. Students in grades five and six can be a part of the school orchestra, and students in sixth grade can be a part of the band. Each student participates in a concert as a part of their general music curriculum, and our bands, orchestras, and choirs perform multiple times during the year.

Building college, career, and life-ready students is our district's focus. In alignment with these initiatives, the district offers several opportunities for students to build their readiness skills.

Each student participates in our Second Step curriculum, that helps them learn different regulation strategies. Each student in the district receives an iPad that is used in various

academically stimulating ways. All of our buildings also have Maker Spaces in which they learn the Design Thinking Process and work to build prototypes to solve problems. To equip students for a physically healthy life, they participate in physical education classes thrice weekly for 30 minutes and have board approved curriculum for Human Growth and Development. Finally, each of our buildings boasts an active parent support group that does fundraising activities that help to support various after school clubs and activities for students to participate in.

For us to try to establish hearing dates most convenient to the schedules of all participants, please inform us by **April 28** which of the following dates a representative from your district would be available: May 10, 15, 16, 17, or 24. **NOTE: At this time, we are planning to hold all meetings virtually via Microsoft Teams.**

Hearings are typically scheduled between 8:30 am and 4:00 pm. Hearings generally take between two and four hours and two or three may be scheduled on the same day. We will do our best to schedule the hearing for a day a district representative is available, but cannot guarantee that will occur. **When the hearing schedule is finalized, the district will be notified, in writing, of the date, time and location.** If no district representative is available to attend on that day, written information may be submitted.

PI 2.04, Wisconsin Administrative Code, directs that the **clerk of the school board of an affected school district** shall submit the following materials to the Secretary of the School District Boundary Appeal Board at the Department of Public Instruction (DPI):

1. A certified copy of any resolution related to any reorganization proceeding under Chapter 117, Wis. Stats. **(If a resolution has already been sent to the DPI, it is not necessary to send another copy.)**
2. Any reorganization order filed as required under sec. 117.17, Wis. Stats. **(If there is no reorganization order or a reorganization order has already been sent to the DPI, it is not necessary to provide a copy.)**
3. A copy of the notice of any school board hearing on a petition or a resolution for reorganization; transcribed minutes, transcribed stenographic record, or transcribed electronic recording of hearing; and, a correct copy of all exhibits and data submitted at the hearing. If the hearing was a joint hearing, the clerk of the school board from which said territory is proposed to be detached shall submit the information.
4. Any written statement of facts and other relevant matters relating to a proposed reorganization.

**Both districts** are also asked to provide the following two items:

5. A class schedule showing the course offerings available in the school or schools that the children of the petitioners attend or would attend. This might be a two-to-three-page summary for the elementary school – or a link to the course catalogue.
6. School district map clearly indicating the location of property or properties under appeal.

These materials and summary information prepared by the Department from district data already on file will be made available in advance of the hearing to the SDBAB panel members, the petitioners, and other district representatives.

The required materials in electronic form are needed no later than the day before the scheduled hearing. If you wish to provide materials that are not available in electronic form, please **submit eight (8) copies** at least two weeks before the scheduled hearing so we have time to mail them to the SDBAB panel members.

Please send the materials to:

Secretary, School District Boundary Appeal Board  
Department of Public Instruction  
P.O. Box 7841  
Madison, WI 53707-7841

Your timely response to this request will ensure that the panel members have sufficient time before the hearing to read and review the material. The panel will deliberate and make its decision immediately after the conclusion of the testimony and any rebuttal that is presented on the day the hearing is held.

Presentations using digital materials may also be possible if provided in advance.

Additional information about the SDBAB panel hearing process can be found at <http://dpi.wi.gov/sms/school-district-boundary-appeal-board/hearing>.
