

## **Concussion Law, Wis. Stat. sec. 118.293**

The law requires all youth athletic organizations to educate coaches, athletes, and parents on the risks of concussions and head injuries, and prohibits participation in a youth activity until the athlete and parent or guardian has returned a signed agreement sheet indicating they have reviewed the concussion and head injury informational materials. The law requires immediate removal of an individual from a youth athletic activity if symptoms indicate a possible concussion has been sustained. A person who has been removed from a youth athletic activity because of a determined or suspected concussion or head injury may not participate again until he or she is evaluated by a health care provider, and receives written clearance from the health care provider to return to the activity.
