

2015 Annual Report on Educator Preparation Programs

In 2011, The Wisconsin State Legislature passed Act 166, which requires the Wisconsin Department of Public Instruction (DPI) to produce an annual report of the State's educator preparation programs (EPP). The report must include information on program completers and their first time passage rates on the required performance assessments.

Additionally, the DPI is including licensure and employment data for individuals completing Wisconsin educator preparation programs. This report uses program completer, Praxis II and ACTFL assessment, licensure and employment data. Future reports will include the Foundations of Reading Test for Wisconsin results, edTPA results by program, and continuous employment trends by graduate cohorts.

Definitions

EPP Program Completers are candidates that have completed an approved educator preparation program (traditional or alternative route) between September 1, 2011, and August 31, 2012, and are eligible for licensure in Wisconsin.

Licensed in Wisconsin refers to 2012-2013 EPP Program Completers who received one or more Wisconsin teaching licenses between December 1, 2012, and August 31, 2013, after successfully completing an educator preparation program.

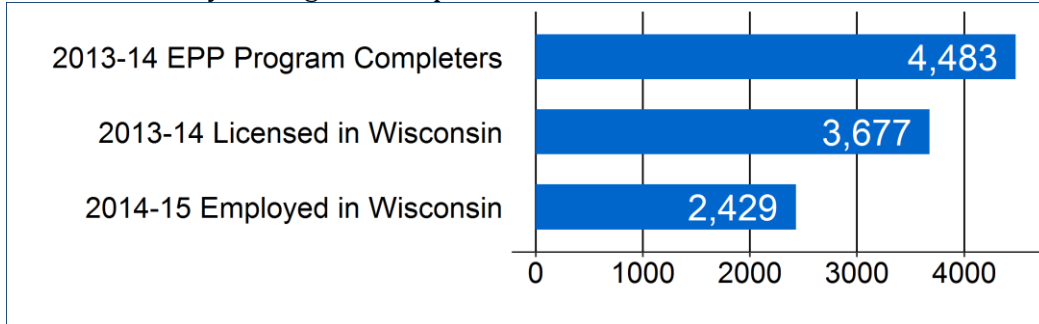

Note: Some program completers do not seek Wisconsin licensure because they move to another state or seek employment in a private school. Therefore, these educators may be successfully employed as an educator without a Wisconsin teaching license.

Employed in Wisconsin refers to licensed educators that are employed in public schools in Wisconsin during the 2013-2014 year. These data will not include educators employed out of state or in private schools, because the information is not reported to the DPI.

Note: Some Wisconsin licensed educators sought employment in a private school or another state, and therefore would not show up in the public school employment data.

Between September 1, 2013, and August 31, 2014, 4,483 candidates completed a Wisconsin educator preparation program. Of those program completers, a little over 4 out of 5 applied for and were issued a Wisconsin license, and more than half were employed in a Wisconsin public school during the 2014-2015 school year.

Table 1. Summary of Program Completers in Wisconsin

Performance Assessments

Per 2011 Wisconsin Act 166, this report includes information on candidates' first-time and overall pass rates on required tests (e.g., Praxis II, ACTFL). Future reports will include scores from the Foundations of Reading Test for Wisconsin and the edTPA performance assessment.

Testing data within this report includes candidates who were enrolled in educator preparation programs and took tests between September 1, 2013, and August 31, 2014.

Students are not considered program completers or endorsed for licensure *until* they have passed all required assessments for their licensure/subject area. **As a result, there are more test-takers than program completers for most educator preparation programs.**

Praxis II Assessments

The Praxis II Assessment, administered by the Education Testing Services (ETS), is a required assessment for teachers in all subjects (except for world languages – see below) who apply for Wisconsin licensure. A complete listing of Praxis II subject area tests used in Wisconsin can be found on the [ETS website](http://www.ets.org/Praxis/wi/requirements) (<http://www.ets.org/Praxis/wi/requirements>).

All applicants for regular and special education licensure must complete the Elementary Education or Middle School Content assessment, while those seeking licensure in subject areas at the middle and high school level must pass the Praxis II assessment for their subject area.

ACTFL Language Assessments

Tests from the American Council on the Teaching of Foreign Language (ACTFL) are required for all world language teacher candidates enrolled in Wisconsin educator preparation programs beginning September 2011. The qualifying score for licensure in Wisconsin on ACTFL tests is Intermediate High. To learn more about Wisconsin-approved world language assessments, go to the [LTI Website](http://www.languagetesting.com) (<http://www.languagetesting.com>).

Note: The first three columns of data in the tables below refer to candidates who took the required test for the first time between September 1, 2013, and August 31, 2014. The final column includes candidates who first took the test prior to September 1, 2013, so the pass rate for “Any Attempt” may be higher or lower than the first-time pass rate.

* Table 9 only shows results from tests that had at least 10 test-takers because pass rates with lower sample sizes would be statistically unreliable indicators.

Note: The vendor for the ACTFL tests is not able to disaggregate statewide data by first-time test takers, gender, or race
